SPECIFICATIONS

Overview

The Catalina 310 incorporates big boat features in an easily handled thirty-one-foot hull. Cockpit lockers are numerous and large enough to handle all your cruising gear, including an inflatable. The side decks are extra wide and secure for easy movement forward and aft. Sail controls and anchoring systems are well thought out for ease of handling.

The accommodations are designed primarily for a couple, with a large owner's cabin forward. A queen size "island" centerline berth, innerspring mattress, and a large bank of drawers will appeal to both the captain and first mate.

Lockers are both port and starboard. Catalina owners have come to expect excellent light and ventilation, and the Catalina 310 is no exception.

The main cabin is plushly upholstered with deep comfortable seating. Forward is a close-able opening in the bulkhead and built-in hardware to allow for TV viewings from either cabin. Also, there is a huge double berth for guests.

The galley has everything for memorable meals aboard: a two-burner stove with an oven, a top and front access refrigerator, a deep stainless steel sink, lots of handy storage, and an available microwave.

The head has a separate shower compartment and plenty of storage; all the through-hulls and a "Y" valve to the holding tank are easily accessible. In fact, all the systems are designed to enhance life aboard.
