SPECIFICATIONS

Overview

Nominee of the 2021 World Superyacht Awards, K-584 features a completely original design that offers maximum comfort and low-fuel consumption. The 36.6 metre designed by A. Vallicelli & C Yacht Design has a steel hull and an aluminium superstructure and is constructed RINA Commercial Unrestricted classification, enabling her to have great potential on the charter market. With a 8.25m beam, a volume of 299 gross tons, she incorporates a substantial dive centre carrying a 6m dive boat, a good galley and crew mess, as well as five comfortable cabins accommodating 10 guests in 1 Owner's cabin on the upper deck, 2 VIP cabins and 2 additional guest cabins. The interior style can be described as 'beautifully simple' combining dark veneers and white lacquers with just a few spots of colour.

KEY FEATURES:

- **VERY LOW DRAFT** Only 2.25 meters max draft at full load to get closer to any destination.
- **AMAZING COMFORT** Only 38-42 dB of noise level and vibrations below 0.3 mm/s for the ultimate tranquil cruising experience.
- **LONG-DISTANCE TRAVEL** Only 75 liters per hour at 10 knots. Her incredible low consumption allows up to 6.000 miles non-stop.
- **ENGINE ROOM COOLING SYSTEM** The machinery operates at their ideal temperature and crew can operate comfortably keeping the outdoor areas clean, odourless and quiet.
