## Overview

---

C Tender is not the average 40 ft boat, it could be considered a mini yacht. The owner can customize every detail of the boat: the color of the hull, the interiors of the cabin and bathroom, the wood, the fabrics and the optional of any type; since they are built individually for each client. Each boat is a unique piece that comes from the hands of our expert Italian craftsmen.

Thanks to the experience acquired in the construction of superyachts, we were able to conceive a day cruise with a construction quality equal to the boats of higher categories.

The structure is similar to that of a racing boat, which offers greater strength to the hull. In the bow we have built a crash box, which saves the boat in case of frontal collisions.

It can mount diesel and gasoline engines both inboard and outboard, from 350 to 450 hp.

## Basic Information

---

**Category:** Boats
