SPECIFICATIONS

Overview

Built in San Diego, California by Knight & Carver.

This yacht has a layout ideal for live aboard or extended cruising and features a beautiful teak interior with (4) staterooms, each with an ensuite head and stall shower. A day head is conveniently located across from the galley on the main deck level.

Boarding the vessel is simple - - on to a teak swim platform into the cockpit space. Just a few step up is the doorway to the massive full-beam salon with panoramic views and an electric fireplace. Port and starboard doors lead to the side decks forward. Just forward of the salon to port is the stairway to the private master stateroom aft. The salon and galley are open to each other and the galley has a full compliment of appliances. Forward is the wheelhouse with stairs leading up to the flybridge, port and starboard side deck doors, main helm station flanked by forward facing settee's to take in the view while cruising, and a stairway leads down to the forward staterooms.

Belowdecks, starting forward, is a guest stateroom with bunks and head. Aft to port is a second stateroom with bunks and head. To starboard is the VIP stateroom with double berth and ensuite head. Next aft is a doorway leading to the pantry/work room with laundry (washer/dryer), electrical panels, and other electrical and plumbing systems. Next aft is a doorway to the midship walk-in engine room. The engine room has a second doorway leading aft to the landing at the base of the aft stairway from the salon. Further aft is the full beam master stateroom with electric fireplace and ensuite head.

Located in Everett in a 70' slip with tremendous sunset views.
