SPECIFICATIONS

Overview

PRESIDENT YACHTS has announced an exciting INCENTIVE OFFER of a **\$900,000 Reduction in price** for the new P-137 ft. TRI DECK Motor Yacht now under construction at the President Ship Yard for a contract dated before October 31st, 2023.

The P-137' Tri Deck will be the new **Flagship** for PRESIDENT YACHTS and is being built and certified to full RINA classification rules and rigid safety standards.

The hull of the new P-137' Motor Yacht is now complete and the lower deck is well underway and also nearing completion. The new owner will have a wide choice of fine hardwoods, fabrics, stonework, and other soft goods to select for their custom bespoke interior. There is also still time to make some changes to the layout to satisfy the needs and desires of the proud new owner.

Because PRESIDENT is able to stockpile a very large inventory of fine hardwoods, granite, marble and perform all cabinetry woodworking, welding and other fabrication at their facility, they are able to pass on huge savings to the client. This gives them a **big price advantage** over other builders who need to have many of these jobs completed by sub-contractors.

PRESIDENT YACHTS has been building yachts and pleasure craft for over 55 years have launched and delivered over 1,300 vessels under the same ownership.
