## Overview

---

Neptune is a unique example of the popular 31 Command Bridge model from American built Ranger Tugs. Unique in her equipment, and unique in her availability on the market today. While originally built as a Northwest Edition boat with a diesel forced air furnace, her current owner has invested in installing a 110v 2 zone Dometic Air Conditioning system while keeping the original diesel heater. Allowing for year-round cruising in any climate, you won't find another 31CB with this option. Along with a full suite of options from Ranger Tugs including touch screen Garmin electronics with HD radar, AIS, and autopilot, aft helm station with controls for docking or fishing, she also features a large tender with Yamaha outboard, and custom Raptor Deck soft decking in the cockpit. Her current owner also installed galvanic isolators on her shore power systems, an option not even offered by the factory. Well maintained and having been stored in a fresh-water covered berth since May 2020, she is the ideal opportunity to purchase a lightly used, well optioned vessel for over \$100,000 less than she would be new today. With the most recent 31CB sale closing at \$353,500 in March 2022 without many of the options available on Neptune, she is priced to sell as the owner is moving up.

## Basic Information

---

**Category:** Motor Yacht

**Model Year:** 2019
