## Overview

---

This YouTube star (see: Sailing VINYASA) is fresh out of a mini yard period and is as turnkey as a cruising boat can be. The sellers have recently added to their 'fleet' (family) and as such are changing tacks with their plans. VINYASA is a 2-owner boat (which previously spent New England winters in a shed) and is one of the few 409's which was ordered with the desirable 3-cabin / 2-head interior layout. The original owner splurged with all the options, and the current owners subsequently spoiled her further with many practical and expensive upgrades to cruise in luxurious comfort and safety. If you're looking for a boat which is truly equipped and prepared to sail offshore to exotic islands the day of closing then VINYASA is a must-see! At this price she won't last long on the market, especially given the shortage of available listings in this size/price category.
