SPECIFICATIONS

Overview

MRS D was launched in 2015 by Columbus Yachts in Italy as part of the Columbus 40S Hybrid range. After being refitted in 2019 by her mother shipyard Palumbo in collaboration with Hot Lab Design, the fully-refreshed yacht is now back on the market. Hot Lab is responsible for the interior design of the yacht while Hydro Tec completed her exterior design and naval architecture. In 2022 she completed a full super structure respray, and many technical as well as interior/exterior upgrades to improve the yacht's overall condition, mechanically and cosmetically. MRS D is in solid condition, fully ready for the upcoming cruising and charter season.
