SPECIFICATIONS

Overview

Launched in May 2019, *BOLD*'s naval-inspired look was designed by Espen Oeino, long-time design partner who is behind the four vessels in its successful 70-metre Silver Series. Benefits of the yacht's characteristic straight bow shape include an increased interior volume due to the longer waterline length, as well as decreased resistance resulting in a higher top speed. The vast aft main deck with folding handrails and hydraulic folding bulwarks encompasses an approved helideck with D value of 13, suitable for helicopters such as an AW109. The 12-ton aft deck crane with 15m reach allows the launch and retrieval of the vast array of tenders and toys that can be accommodated on this 34-meter long deck.

Basic Information

Category: Motor Yacht

Sub Category: Expedition/Explorer

Model Year: 2019

Year Built: 2019

Country: United States
