Overview

"HEADHUNTER"

Since 1964 Viking yachts have been building some of the finest sportfishing vessels in the world and the 52 Convertible (52c) is one of the most sought-after models ever produced with over 100 launched since the design was introduced in 2002. In 2005 two major changes were introduced: Common Rail MAN engines & a new darker, more dramatic, attractive millwork option for the interior. This 52c features both along with a host of recent and expensive upgrades listed below. A lot of yachts for sale claim to be turn-key and use cliché terms in the listings like "just bring your toothbrush", but this Viking 52c can't be described any other way. Come see for yourself, this one is sure to impress. For more information and a detailed catalogued list of work and invoices which include a major refit (\$850K) by Cay Marine in 2018-19 and additional photos, please contact the listing agent directly.

Key Features and Notable Upgrades:

- Complete refit with cataloged invoices totaling more than \$830,000.
- Full paint job: House (Snow White - 2013) Hull (Haze Gray - 2019) Cay Marine
