SPECIFICATIONS

Overview

With the 386 model, Sabre Yachts worked together with Jim Taylor Yacht Design to create a performance cruiser that boasts a high degree of finish and comfort. She offers two staterooms with double beds and a head with a proper enclosed shower stall, all while maintaining competitive sailing traits.

AVA has been well looked after by her one owner, sailing her summers in Narragansett Bay and being kept in heated storage for the winters. She has seen many upgrades including Awlgrippped topsides and 3Di sails. Her interior is finished with teak and holly soles and cherry cabinetry.
