Overview

2007 Meridian 341 Sedan

Fastidiously Maintained

Bow and Stern Thrusters

New Custom Hydraulic Tender Lift

Generator

Introduced in 2005 the Meridian 341 Sedan has made a mark for itself as a truly outstanding and dramatically styled vessel that feels far larger than her length might suggest. With large tiered cabin windows and a clever bi-level cabin design both the master and the VIP on this yacht feel completely private and yet both have separate access to a large head with a roomy enclosed shower. Combine this with a spacious salon and forward fully equipped galley, a huge flybridge with a cleverly designed and safety inspired hatch that secures her molded staircase and greatly increases usable space and this is a yacht that invites extended cruising in a way few boats in her class can manage. She has just been equipped with a brand new hydraulic tender lift. Docking is a breeze with both bow and stern thrusters. A generator supplies power to dual air conditioner and heating units. Multiple options include central vacuum and high end stereo with satellite radio.
