## Overview

---

SALTY DOG is a hard-to-come-by Hunt Harrier 25 with a state-of-the-art Volvo D4 common rail diesel engine with stern drive. This engine provides best-in-class fuel economy and therefore range. Incredibly reliable, safe and brimming with torque she can really handle a crowd and a full load without missing a beat. The stern drive provides Porsche 911 handling, and when paired with the iconic Ray Hunt deep-vee hull, tracks better than any other power boat on the water, period. Truly the most capable 25-footer and amazingly dry to boot.

Brand new electronics, including radar and the exceptionally well-executed “reinforced bimini bow” to support the radar antennae, custom mooring cover, front filler and side curtains, an open layout that makes getting around the boat from either side easy, a functional wetbar with Isotherm stainless reefer and sink and pull-out trash bin, a functional head, an interior that allows for an overnight or two...and the list goes on.

The Harrier 25 Runabout is a one-of-a-kind, drop dead gorgeous and timeless design.
