SPECIFICATIONS

Overview

LOON is a gorgeous example of her class. Single Yanmar 440hp diesel engine (with less than 400 hours!) with bow and new stern thruster makes docking and close quarters maneuvering a cinch. New Garmin electronics are a nice touch as is the new full-beam transom settee with teak ladderback (original factory spec.) with a removable section by way of the transom door. New Isinglass curtains and cover for the helm, companionway and dash have the boat looking fresh.

Basic Information
