SPECIFICATIONS

Overview

2016 Chaparral H20 21

“The Chaparral H2O 21 Sport measures exactly 21’ in length and 8’4” in width. When you walk up to this boat and step inside, you will realize that it is a very deep boat that will give you plenty of security in rough water. The 8’4” beam makes the boat very roomy on the inside. It is much roomier than many of it’s competition in the same size range. This H2O has only 140 hrs It is in good condition. It is powered by a Volvo 200 V6 , nice power for water sport. Also it is the perfect boat for a day at the sandbar or just cruising around.
