## Overview

---

There are lots of yachts available on our market that are definitely sub standard and especially when compared to MRS. CHIPS. MRS. CHIPS is so far beyond in both condition and equipment than any yacht currently on the market. You will just have to see her to believe her. Words and photographs are just too insufficient to represent her in all of her splendor. Fully captain maintained with a hands on owner has brought MRS. CHIPS to above a 5 Star level. She has redundant safety systems and all services are current. Walking up to MRS CHIPS you will not be able to decide what age she is. Her graceful lines which were taken from a sportfish yacht hull were so far ahead of the curve when she was launched. She has a lovely low profile that is pleasing to the eye, no matter if your taste leans towards a Euro look or a classic look. Her knowledgeable owner has purchased a larger yacht due to a new crop of post Covid grand kids. He has been a 2 yacht owner for over 5 months and now has made the most difficult decision to put his pride and joy on the market. MRS CHIPS is not for everyone as most people will not understand the value of her upgrades and maintenance program. If you are a connoisseur of unique, beautiful, and functional yachts, then take the time to read her listing( which does NOT convey all of her upgrades) and make an appointment for a personal inspection or a virtual visit walkthrough. She is located in very accessible Palm Beach, Florida and is ready for an inspection with very little notice.

VIRTUAL VISITS ARE AVAILABLE AND ENCOURAGED.
