Overview

Twin Detroit Diesel 8V 71 TI Engines

Three Stateroom Three Head Layout

September 2023 Insurance Survey Available

An economical 9.5 knot cruise burns 10 gallons.

825 Gallon Fuel Capacity

"dharma" is a **1978 Hatteras 53 Yacht Fisherman** with a functional original factory cockpit. "dharma" is hull number **318** of one of the most sought after 53 Motor Yacht models by Hatteras Yachts. One noted fact about this boat is she is very much in **its original condition** and not drastically altered, modified, or modernized by any of the previous owners. The current knowledgeable owner has kept that in mind but enjoyed the boat for local use in **Florida with his family and friends**. All Detroit Diesel engine services are done by an experienced Detroit Diesel mechanic who has 35 plus years of Detroit Diesel experience. Engine Oil and Filter change was just completed in February 2024. Maintenance and repair records, all new parts installations, etc. etc. for the past three years are documented and available upon request by potential buyers. An Insurance Survey report (September 2023) is also available.

August 2023 the boat was hauled out for running gear repairs to replace cutlas bearings, rudder shaft seals and bearings, replace all zincs and apply Petit Prop Coat on running gear. Mechanically, engines are in good running condition and the hour meter readings for **Port 790** and **Starboard 797**. At some point in the past, engines were overhauled but the current seller does not have any records. The original Onan 15 Kw generator is **not working**.

For **Classic Yacht Enthusiast** the boat is ideal for a restoration project. Also, the desirable 3-stateroom/3-head layout is ideal for anyone looking for a **Home Away from Home** to get away from the cold in the winter months. The current knowledgeable Hatteras owner has enjoyed her with his family and now ready to part with her.

Notable Repairs and Services are listed below.

Shown by appointment.

Exclusions: Owner's Personal Items.
