SPECIFICATIONS

Overview

D67, 67 Meter (220') Mega Yacht exterior design is by SFG Yacht Design, while the 1360GT interior is spectacular by design studio Fancy by Dada. The D67 takes a more traditional approach where elegance, beauty, and exclusive personalization are the main focuses. The D67 features a steel hull and aluminum superstructure. According to SFG Yacht Design, the exterior features “smooth long flowing lines and clean shapes” and key exterior features include a seven-meter main deck swimming pool with a swim-up bar and glass floor. Her lavish sun deck has generous entertaining spaces for large groups or intimate settings throughout as well as a “bubble glass ceiling” in the hardtop. The touch-and-go helipad sits forward on the bridge deck. The interior design by Fancy by Dada is fully customizable but will center around “a handful of distinctive, essential elements and materials”, the studio said. The yacht can accommodate a total of 14 guests in seven staterooms, with the master forward of the main deck alongside two VIPs with floor-to-ceiling windows. An additional four guest staterooms sit on the lower deck. The bridge deck features a gym, sauna, cinema, and bar. The lower deck beach club is large enough to store two luxury tenders, one crew tender, and one rescue tender. Electrical power will come from three Caterpillar 200 kW C9 DITA Generators. Caterpillar or MTU engines for an estimated maximum speed of 16 knots.
