Overview

As its name (“**fast**” in Italian) suggests, **dynamism** is at the core of the Veloce yacht line’s character. Its **contemporary** and **harmonious** yacht design is made possible thanks to lines that mirror the waves of the **Mediterranean Sea and beyond**. Perfect for sailing anywhere around the globe, this VITTORIA yacht guarantees **safety and comfort**, with nothing left to chance when it comes to the design of its indoor and outdoor spaces.

A high-performance motor yacht in terms of speed, but also designed for long voyages, this luxury yacht is the epitome of **efficiency and comfort**, with a **timeless design**.

The vertical bow, combined with the unique lines of the yacht hull, give the Veloce 32 Raised Pilot House yacht its characteristic style, while allowing for **plenty of space in the lower yacht deck area**.

The gunwale is raised up, both to make the bow and ship’s sides look more masculine and imposing, and to help create a more **private and contained environment**.

The sundeck canopy protrudes towards the stern to make the area more enclosed, meaning this **new yacht can be enjoyed in all seasons**, not just in summer.

The 105ft 2023 yacht has plenty of large open spaces and a spacious bedroom on the main deck. The wide open decking and balcony that lead out from the dining area allow for plenty of ventilation and enhance the feeling of being out in the open air.

The wheelhouse is deliberately low-profile, with windshields featuring a **unique reverse shape**. This is a testimony to the **Vittoria Shipyard’s traditional construction** and their know-how gained, in particular, over many years of constructing lifeboats. The area has **perfect visibility**, aided by the **modern technology** installed at the bridge.

Designed to be well-lit, with a **fresh** and **modern** style, this luxury motor yacht’s internal spaces all lead directly out onto adjacent outdoor spaces.

This was achieved by inserting **seamless sliding doors** on the main deck that open fully to offer **uninterrupted views from the dining room** out onto the aft cockpit.

All guest areas have large windows that nicely frame the view, embellished and defined by the curved lines that characterize the entire Veloce 32 RPH.

Basic Information
