SPECIFICATIONS

Overview

Casablanca II in October 16th 2022 arrived from Toronto to Fort Lauderdale after thousands of miles of cruising via the Trent Canal system , the Great Lakes, Lake Oneida, Hudson River and the Atlantic ocean. She was tested and performed to her max of her abilities. After 200 hrs of cruising she is now in Fort Lauderdale and available for an immediate sale.

She is an elegant and a must see vessel. Fully maintained by her owner and with all her services up to date. Since new Casablanca II has been in the fresh waters of the Great Lakes and stored in heated indoor storage during in the winter seasons. Build initially by a very knowledgeable owner she has an extensive list of extras including: forward and aft 4 x 50 Amp cable masters powered hookups, custom (black) canvas, comfortable easy care marine mat Flybridge flooring, new Raymarine Axiom Navigation in both upper and lower helm stations.

And for last but not least are the two very important features: The **Factory installed extra Fuel tank of 188 gallons** that you probably will never find in another Marquis 65 and **the customized lowered Flybridge hardtop** that allows Casablanca II to navigate from Florida to Chicago via Oswego into the Great Lakes or directly into Georgian Bay via the Trent Severn Waterway. However Casablanca II would be equally comfortable in Florida and the Bahamas.

She also features complete factory teak decking the side decks, Flybridge stairs and swim platform.

Casablanca II is outfitted with custom furniture, blinds and bedding that mixes the beauty and quality of her era with a Scandinavian contemporary feel.
