Overview

"TRUE GREEN" 330 HYBRID - DIESEL - ELECTRIC - SOLAR -ORIGINAL OWNER - EXCELLENT CONDITION - 250 HOURS - LIKE NEW - OVER \$70,000 IN FACTORY OPTIONS

Ready for immediate delivery equipped with all the modern conveniences you expect - Bow and Stern Thrusters, Dometic reverse cycle Air Conditioning, Induction cooking, a free-standing refrigerator with a separate freezer, and a full complement of the latest Raymarine Axiom Touch Screen Navigation, Radar, Auto Pilot, Electronics and a High end powerful Fusion high-fidelity stereo sound system. The Helm Station Transforms and becomes a matching part of the Saloon seating and entertaining area.

The Greenline 33 is an exceptionally sea-kindly yacht with fixed stabilizer fins for a stable smooth ride in choppy seas.

Whenever you find a beautiful spot, whether on some remote island cove, or harbor, the idea is to try to keep it as pristine and the first person to discover it. The Greenline uses less fossil fuel in ONE YEAR - that a power boat USES IN FOUR YEARS up to 25% times less fossil fuels. When using the electric mode, it is completely emissions free. She has a hybrid motor, diesel, as well as electric, as well as fully solar powered systems, like the drive, which have proven both cost effective, as well as reliable.

The Greenline 33 will not only keep you comfortable, but will give you the peace of mind that you are doing your part to reduce your carbon footprint on the planet. Even in diesel mode, because it uses four times less fuel, it will reduce the pollution created by up to 75%. Part of this also comes from a revolutionary new design for the hull, a super displacement type, which will eliminate wake, especially when cruising into a port or marina. Imagine, coming in to anchor or moor the Greenline, with no noise, smoke, or wake. How envious will other owners be, and stunned. - A Perfect Great Loop Boat!
