Overview

If you want a family sport boat that can operate where stern drive rivals dare not tread and is also a serious fishing machine, Robalo's versatile R247 is in a class by itself. There's so much to like about the R247. Kevlar reinforcement and stainless steel hardware are a cut above. A have-it-your-way options list is accented with an innovative three position portside seat, a clever wet bar, vacuflush head. Search all the leading competitors and you won't find a dual console in this size range with more storage.
