SPECIFICATIONS

Overview

The all-new Ocean 182 has arrived. Following the ever-popular 90 Ocean, this latest addition to the Ocean family of Sunseeker yachts offers something completely novel in the Sunseeker range. A significant interior volume transforms this yacht into something entirely new, appealing to an altogether different type of owner. An enclosed flybridge offers increased air-conditioned interior comfort, suitable for extreme hot or cold climates or for those seeking greater privacy. The helm station, typically positioned on the main deck, has moved to a single helm on the flybridge, creating a luxurious open plan main deck saloon with multiple seating arrangements, rivalling those found on-board a superyacht. Powered by Twin MAN V12 1650 or 1900 engines, she achieves a comfortable top speed of 27 knots. Meanwhile, at a displacement speed of 12 knots, she has an extended range of 1,800 nautical miles. The notable design change to the Ocean 182 is the unique shape of the enclosed flybridge. Designed with usability and livability in mind, the entire main deck is a dedicated space for socializing and entertaining. Owners can choose from contemporary loose furniture to fill the main saloon's generous proportions; a popular choice being a large U-shaped sofa and accompanying chairs, or an additional L-shaped sofa and exquisite coffee table. The galley, now positioned forward and accompanied by a spacious dining area, delivers incredible space and storage whether for owner use, or for discreet use by the crew with dedicated side deck access. The forward galley fully fitted with Miele appliances and a wine cooler if desired by the owner, provides a welcome space for entertaining around a large dining table for up to eight guests. To the lower decks, a vast expanse of glazing invites natural daylight into the interior spaces whilst also creating a striking exterior profile, drawing the eye aft to the stern. Below deck, the light and elegant accommodation comprises three well-appointed double cabins and a twin, all with ensuite in a standard configuration. The full-beam master positioned amidships is an indulgent escape for the owners whilst the forward VIP provides an equally luxurious experience for guests. The timeless interior is characterized by soft neutral tones and a luxurious mix of textured materials. The attention to detail is second-to-none. Every inch is finished to an immaculate standard with carefully considered recessed ambient mood lighting, stainless steel trim detailing and specially designed feature bulkheads.

Basic Information

Category: Motor Yacht

Model Year: 2023

Year Built: 2023

Country: United States

Dimensions

LOA: 88' (26.82mm)

Beam: 23.5
