## Overview

---

Now Belize has taken the concept of a semi-custom motor yacht to a new level with the Belize 66, a vessel that delivers a new sense of space, comfort and luxury and offers an unmatched level of customisation and bespoke elements.

Available in sedan or daybridge models, the Belize 66 offers three or four cabins with a large space between the midship master stateroom and the engine room that can be optioned for a wide range of purposes.

Power is delivered for this new motor yacht by Volvo Penta IPS.

"We have been able to include more of everything a client could want in the 66 than any equivalent boat in the world," said Mr Moxey.

With a wide range of options already built into the boat's design, each owner is assured of selecting an individual configuration that will perfectly match their boating and personal lifestyles.
