# SPECIFICATIONS

## Overview

The yacht built by Bon Pelley Entreprises is a comfortable 90’ yacht with a range of up to 6’000 NM for 6 passengers and 6 crew. She was originally a Canadian fishing vessel designed to operate safely in the rough seas of Newfoundland. The yacht was completely converted to an explorer vessel in 2015 by Ocean Voyager, and perfected in 2020 by her current owner for remote sea exploration and diving with a focus on efficiency, range, reliability and ecology. Her huge aft deck allows for storage of multiple tenders as well a fantastic outside living area with easy water access. The yacht was also conceived to be self-reliant, with easy access to all mechanical functions of the vessel and duplication of all key machinery.
