SPECIFICATIONS

Overview

The 115' (35m) custom-built AQUARIUS IV is a striking motor yacht with a distinctive Willem de Vries Lentsch, Jr. exterior and interior design. Excellently maintained and regularly upgraded, the CBI Navi built boat sleeps eight guests in four cabins, with additional accommodation for five crew.

In addition to a classic and warm interior, which is filled with natural light thanks to an abundance of windows, the yacht boasts large interior volume that creates plenty of space for guests to socialize and relax. The interior design and naval architecture by prominent Dutch designer Willem De Vries Lentsch Jr. includes exterior teak decks and modern chrome finishes, while the master suite, VIP cabin and two twins feature Carrara marble ensuite bathrooms.

The steel-hulled with aluminum superstructure yacht cuts a prominent figure on water, with deck space forward and aft for guests. Tenders are neatly stored on the upper deck aft for fast deployment and secure storage for long passages. AQUARIUS IV is excellently maintained with regular upgrades, technical overhauls and maintenance refits carried out to keep the yacht in an enviable condition.

Built to Lloyd's Register Certification and cruising at a speed of 15 knots, AQUARIUS IV enjoys a large nautical mile range of 5,200 for ocean exploration.
