SPECIFICATIONS

Overview

Delivered in May 2014, the sixty-foot Claasen pilot cutter Perseverance is the fruit of perfect collaboration between the very experienced teams of Dykstra naval architects and DeVosDeVries interior architects. As a result, she is an excellent example of a modern take on a classic design and particularly easy to operate. All sails can be controlled from within the cockpit. Carbon mast and boom ensure that Perseverance has great stability without the need for heavy ballast despite her draught of just 2.6 metres, and all the equipment is of an exceptional standard.

A thorough update was executed at K&M Yachtbuilders in Makkum in 2020, check the list in the specification below!

Perseverance's classic lines are emphasised by a masculine aesthetic: the hull is a metallic bronze colour by BMW, while the carbon mast is black and the cap rails are finished in solid teak. This dynamic appearance is further enhanced by very wide teak planks on deck and an exceptional feeling of space. The interior is modern, spacious and luxurious and offers two double cabins for four guests, both cabins with their own bathroom. Perseverance is a true delight for the senses, both in port and on open water.

Basic Information

Category: Deck Saloon

Model Year: 2013

Year Built: 2013

Country: Spain

Dimensions

LOA: 59' 11" (18.25mm)
