SPECIFICATIONS

Overview

“**TELEMETRY**” is an exceptional two-owner, Captain-maintained Marlow Explorer 72E-CB Command Bridge. Her large, U-shaped gourmet galley and forward dining area provide guests with panoramic ocean views. Her customized private entrance to the master state room off of the salon provide the owner with extraordinary privacy! Her teak and ebony inlaid sole flooring is striking, as is the high gloss teak finish throughout.

TELEMETRY's pilot-owner purchased her, an already meticulously kept yacht, from her original owner two years ago for use as a long-range expedition yacht, e.g., Alaska, etc. Owner decided he would rather focus on flying instead of boating. Owner is a perfectionist who spares no expense in extensively refitting and maintaining M/V **TELEMETRY** to exceptional and current standards. Every boat advertisement makes such claims. Read the refit, upgrade, and maintenance lists below, view the pictures, and judge for yourself! Take note of the extensive boat networks installed including the ability to view helm monitors on TV's and PC Monitors throughout! You can buy a boat with outdated, legacy equipment, fittings, and appointments and spend 1-2 years' downtime and money to refit it ... or you can buy **TELEMETRY**.

She is a “must see” and is equipped and prepared for her next owner's adventures, whether making use of her ~3,000-mile range, hopping around the islands, or socializing at the Marina!

Basic Information
