SPECIFICATIONS

Overview

The ClubSwan 50 was developed to commemorate the 50th anniversary of the Nautor Swan shipyard and celebrate everything that has made this cutting-edge boat builder one of the most widely recognized and trusted brands in yachting.

The result is an eye-catching machine, fully constructed in carbon fiber and utilizing the very latest technology and all the finest materials. The interior is a pleasant surprise and completely unexpected on a performance yacht of this caliber. This yacht is fully configurable for offshore and inshore races and would be a fantastic contender for not only the ClubSwan events but also for offshore events such as the Fastnet race.
