SPECIFICATIONS

Overview

The Pure Hybrid is ideally suited for a trolling motor for use inshore and offshore whether to stalk along quietly or hold your position over structure or on a school of fish. The sunken cockpit amidships around the console provides security for rougher days in the blue water. This boat handles a load of fish, bait, and gear like you might expect from a much larger offshore boat. Two forward locking storage compartments, each built to store five rods and a pile of gear wrap around a trio of insulated fish/storage holds below deck. A 200-quart hold under the raised deck meets a 36-quart drink box in the step, which leads down to a massive 500-quart compartment on the lower deck. The cockpit aft features a pair of 27-gallon live wells in opposite corners at the transom to fortify the 50 gallon well under the helm seating.

Basic Information

Category: center_console
