SPECIFICATIONS

Overview

This Tender built by the Italian builder Castillo is a two in one boat offering at the same time the limousine aspects but combine also the sportivity. The vessel combines even at 50 knots(maximum speed) maneuverability and safety. It is presented as one of the most world fastest superyacht tenders. Thanks to a retractable water tight soft top roof, the jet tender 33 convertible offer an open air sight seeing and navigation to its passengers and a reduced heights that lead to an easy onboard storage. This tender is made for transporting passengers to dive sites and the ideal tender for water sports. The hydraulically actuated landing stepped ramp (from sides/stern/bow) gives an easy access for the passengers to coming in and coming out of the tender. In not ideal weather conditions, the roof allows to have onboard the ideal sanctuary for passengers(good head height of 2.27 meter). The interior is characterized by a full beam living space with a circular seating area, and sunpads both aft and forward. The tender is equipped with two 440 hp diesel engines backed up by two Castillo water jet drives. Easy docking is possible thanks to the joystick piloting.(Castoldi electronic control system used)
