## Overview

---

Exceptionally equipped and maintained, Sierra Fox was one of two identical builds for the same owner in 2009, and unlike any other Offshore 54 Pilothouse you've seen. The owner's captain was heavily involved throughout the build of the two boats, and the attention to detail is evident everywhere you look. Equipped for self-sufficiency, redundancy, and reliability, her systems, storage solutions, and spare parts inventories are quite impressive. A thorough review of the specification or a tour onboard will easily impress any serious cruiser, and she is ready to make the passage to Alaska or down the Pacific Coast at a moment's notice. In recent years, her second owners have taken the time to further upgrade and modernize. Notable recent upgrades include a high quality full flybridge enclosure by Barrett Enclosures of Seattle, an interior soft-goods refit by Jonathan Quinn Barnett of JQB Designs, upgrades to Audio/Visual and Wifi network systems, wireless yacht controller, new ship's computer, complete replacement of all house, engine, and generator batteries with Lifeline AGM, and extensive mechanical servicing with oil sampling history to name a few. One of only a handful of later model Offshore 54s built, Sierra Fox is in excellent condition and a rare opportunity to purchase the caliber of vessel that rarely comes available. Sierra Fox is owned by a CA and WA tax paid Delaware LLC.

## Basic Information

---

**Category:** Motor Yacht

**Model Year:** 2009

**Year Built:** 2009

**Country:** N/A

## Dimensions

---

**LOA:** 54' (16.46mm)
