## Overview

---

### Manufacturer Provided Description

Never one to rest on their laurels and following several years of speculation, Sunseeker announces the forthcoming launch of a brand new high performance day boat – the Hawk 38. Sunseeker has returned to its performance roots to deliver an exciting and dynamic stepped hull in conjunction with Fabio Buzzi Design, winner of 43 World Speed Records and 55 World Championships!

Whilst the incredible design, features and equipment delivers ultimate day-boat appeal, its searing performance will ensure it's always first to the best anchorage or beach restaurant. With a choice of paint finishes and upholstery, it will also make the ultimate superyacht chase boat; no two boats are ever likely to be the same.

Drawing on the company's racing heritage, the new high performance model will be capable of a leisurely 70mph (62kts) 'out of the box' with standard twin Mercury 400R outboards mated to Mercury Racing *Digital Zero Effort* throttles. The hull has been optimised to take advantage of the latest outboard engine technology giving not only performance benefits but also low cost maintenance for clients.

Sunseeker has always dominated this area and will continue to do so with this technologically advanced cutting-edge new model.

DisclaimerThe Company offers the details of this vessel in good faith but cannot guarantee or warrant the accuracy of this information nor warrant the condition of the vessel. A buyer should instruct his agents, or his surveyors, to investigate such details as the buyer desires validated. This vessel is offered subject to prior sale, price change, or withdrawal without notice.
