SPECIFICATIONS

Overview

This outstanding SESSA 68F is characterized by a modern and elegant line: a sporty design with big spaces to enjoy the life on board. Unique features are present on the vessels- opening gullwing windows that allow a comfortable side passage, but also facilitate the entry of the natural light, which gives to the entire boat more brightness and airiness. The big glass windows allow the owner to stay more in contact with the sea and fully enjoy it. With the opening of glass doors with electric actuators, the saloon is suddenly transformed into a veranda on the sea, thanks also to the electric entrance door. The interior is characterized by a strong technological and modern design, highlight a new dimension of liveability and have been designed to inspire a domestic setting without giving up to the marine spirit.

Volvo Penta IPS 1200 with power trim assistant
 Docking station (third position joystick)
