## Overview

---

The 20-meter speed family cruiser **Galeon 640 Fly** enjoys its well-deserved popularity with customers all around the world and has even been nominated for the title of «*European Yacht of the Year*». The model is ideal for cruising in a small company or as a couple - that is how it was used by the first and only Owner. Attentive yacht care is obvious – it's enough to look at its well-maintained hull and rich interiors with lacquered surfaces that have been kept in an almost brand-new condition. The Owner spent on the water two seasons full of impressions. During that period the yacht proved its reliability and versatility by passing successfully the inland waterways from Moscow to the Black Sea, which are quite hard to navigate. On finishing the season in Turkey, the vessel stayed there for the winter storage and technical service. Waiting for its new owner the boat is stored on the shore and is completely ready for a new season.

Galeon 640 Fly is known for its smooth modern exterior, large interior volume, and non-standard layout solutions. Thanks to the extensive glazing, it is always light inside. The cabins layout on the lower deck provides for three comfortable cabins for 6 people: a full-beam 20 sq.m master cabin with a large bathroom is located amidship, a VIP cabin with a king-size bed is on the bow, and a guest cabin with two single beds is on the portside. The crew cabin is at the stern of the vessel.

The main deck saloon boasts seating and dining areas, a bar, and a well-equipped galley. Access to the fore deck of the yacht is possible directly from the saloon through a power sliding door in the middle of the windshield. Thanks to this, the way to the bow of the boat has become shorter for everyone, and safer for children (if they are on board the yacht). The shallow draft allows the Galeon 640 Fly to navigate shallow bays, while the bow and stern thruster system make it easier to moor in cramped marinas.
