# SPECIFICATIONS

---

## Overview

---

The 55' MKII Talaria remains Hinckley's flagship model to this day in their impressive power yacht line up. Hinckley has pioneered and perfected their Carbon / Kevlar resin infused hulls and composite parts by use of Scrimp technology for over a decade. With use of these processes the 55' Talaria MKII hull and superstructure's strength and lightweight are second to none in her class when compared to other composite vessel competitors.
