SPECIFICATIONS

Overview

HUGE PRICE REDUCTION.....MUST SELL BY JUNE!

"WENKA" is a very rare 2006 64 West Bay SonShip Cockpit Motoryacht. Being one of five ever built, she was delivered new in the fall of 2005 to her one and only owner. Her knowable owner added many custom features for ease of handling and safety including fiberglass steps from the cockpit to the bridge, and a retractable arch. She has been rigorously maintained to the highest standards. Her logs and records since new reflect a level of care and preventative maintenance typically not seen.

"WENKA" is powered by the preferred Caterpillar 3406E 800hp powerplants. She has Wesmar Stabilizers, a hydraulic windlass and bow thruster. Greg Poole Equipment has performed the major services on these engines. River Forest Stuart has performed much of the remainder of the mechanical maintenance. She features twin Northern Lights generators, updated electronics by Langer Krell, and a one of a kind "King Bed" in the master.

"WENKA" is a premier, high quality motor yacht, that can take you to remote destinations in the upmost safety. She cruises comfortably at 18 knots burning only 50 gallons per hour with a top speed of 26 knots. At 10 knots she burns 11 gallons per hour at 1000 rpm. She carries 1000 gallons of fuel giving you excellent range.

"WENKA" is easy to see in the Palm Beaches

Price includes a 20k flooring allowance or indoor storage for hurricane season....
