SPECIFICATIONS

Overview

"Off Site" is the boat that reflects its name very well. Any owner will rapidly discover that the MC5 will be a big motivation for travel and leisure.

Beneteau is one of the biggest yacht builders on the planet and has established its name over the past 100 years of boat building. The Monte Carlo MC5 is one of its best sellers for good reason.

The Monte Carlo MC5 is a fast-performer, with a top speed of almost 30 knots. It combines pod-driven fuel efficiency with good boat handling even in sloppy ocean conditions. Added to her natural stability at planing speed, the owner has upgraded this model with a Seakeeper Gyro Stabilizer for sensitive guests to provide ultimate comfort, especially while at anchor.

The Bow Thruster and Joystick will quickly provide any novice with confidence for docking and the luxurious state rooms, salon and spacious flying bridge will be a fantastic asset for trips to the Florida Keys and the Bahamas.

Features:

- Twin Volvo Penta D6-400 Diesel Engines
- Air Conditioning
- Seakeeper 6 Gyro Stabilizer
- Hydraulic Swim Platform with flush lifting Tender Supports
- Generator 9KW Onan
- Bow thruster
- Joystick for Easy Docking
- Teak laid cockpit and platform

Reserve a showing to see the boat and confirm her sea keeping abilities with a trial run.
