SPECIFICATIONS

Overview

Innovation, efficiency and thoughtful design combine in a stylish package made for fun on the water. At 27m, Cadet V's carefully considered layout optimises the space to create an incredibly versatile platform for enjoyment. A true residence at sea, the yacht's variety of onboard areas cater to all requirements from formal entertaining to laid back lounging.

Cadet V's carbon fibre, epoxy resin semi-displacement hull facilitates low noise levels and fuel consumption, allowing for comfortable and efficient cruising. 25% lighter than other hulls in the same category and with eight times the stress resistance of a steel hull, the construction was strategically engineered for enhanced performance.

Presented in turnkey condition, Cadet V is ready for a new owner to cruise away.
