## Overview

Legacy Superyachts by the Lazzara Family introduces L-70. Starting at \$4.9 million, this day yacht with water jet propulsion maneuverability is turning heads. For those seeking style and luxury in a powerful motorboat, the Weekender is an express-style yacht that’s owner- operable without a crew.

The L-70 is built for performance and versatility. With a large open beach deck, this yacht provides flexibility with a combination of water toys, either two Wave Runners or a 14-foot tender or custom fixed furniture. With uncompromised style, this 70-footer depicts luxury in a walkaround, day yacht topping out at 55 knots and less than a 36-inch draft.

Built in aluminum and carbon fiber, the interior displays nuances found in a much larger megayacht. The 180-degree panoramic glazing in the lounge area provides direct access to the sea with a luxury bar connecting to the galley and pantry. A modern combination of woods chosen by the owner resonates a sporty, casual decor with easy use for the ultimate yachting experience. In an optional layout, an enormous owner’s cabin aft actually replaces the lounge.
