SPECIFICATIONS

Overview

Hull and Superstructure painted White and Grey

CMC Electric Fin Stabilizers

5 Cabin Configuration

CAT C32 1500HP Engines

The Sanlorenzo SD126 was designed to optimize and maximize all spaces, while enriching the interior areas with natural light. The sheer line amid ship is cut to let the enlarged side windows catch as much light as possible, allowing guests enjoy the view even while sitting in the salon. The bow is a living space with sofas, sunbathing cushions. Up top, the flybridge is expanded into a generous sunbathing and entertaining area, to a tender garage at the transom and hydraulic lift swim platform.

The overall space and livability of this 126' triple deck motor-yacht must be seen to be appreciated. With an interior volume 314 gt she can comfortably accommodate 10 passengers in 5 cabins. There is a generous on-deck, full beam Owner suite, with study, generous walk-in closet and the big head.

The big upper skylounge, with a serving pantry and day head, leads to an exceptionally large upper aft deck, with a covered formal dining area seating 10 guests. These areas combined with a spacious covered aft deck and 2 sunpads plus a seating area on the foredeck give exceptional exterior spaces allowing even the largest groups to get away and relax.
