SPECIFICATIONS

Overview

Now in Fort Lauderdale.

Seakeeper equipped 2022 with warranty.

Full wax December 08, 2023, bottom job December 2023, prop speed on props, pod service 2024.

Very Clean, Garmin Electronics, Joystick, Tender, Hydraulic Platform, SeaKeeper, 400GPD Water Maker, Galley Up And Aft.

The Absolute 50 Flybridge has a 3 stateroom layout plus crew quarters giving it plenty of room for entertaining. Partnered with the ease of joystick control, AIS, bow thruster, and the newest Garmin active captain technology it allows for more owner-operators. The 50 is very well-designed and captivates your senses through elegant yet neutral color combinations, fine materials, and exquisite finishing touches. Compare this layout and space and you will see.

The exterior lines are impressive with uninterrupted window views created with the reduction in the typical pillars on other builds. This has equally benefited the lower deck cabin windows and salon.

Opportunities for outdoor entertaining are threefold. The versatile aft cockpit is directly connected to the galley with opening sliding doors that connect inside to outdoors. The sofa is easily converted into a large sunpad for soaking in the warm sunshine. The flybridge has an impressive hardtop with opening sunroof, and this is among the largest flybridge in its class. To port is a large table surrounded by a sofa. In addition, it also features a full bar space and upper helm with double seating. Another comfortable sun lounger is well appointed in the front so your guest can interact with the driver.

The third outdoor space is the sunbathing area located at the bow which is easily accessible through a pleasant and well-protected walkway.

The Absolute 50 Fly implements concepts and solutions typical of bigger luxury motor yachts. The IPS-600 systems provide best performances, low fuel consumption, silent movement, and absence of vibration. This yacht was well thought out with nice real live-ability.
