## Overview

---

The 231 XSB is our third XS model in the bay boat/inshore line-up and compliments the already popular 231 XS and 251 XSS. This model showcases up to five removable backrests (two receivers forward; three receivers aft) for added comfort for the crew, as well as a patent-pending new thru-hull bow anchor pole feature called the Scout Post. Two optional aft baitwells, ample rod holders and storage, and three leaning post options are all available on this fishing machine. Like our other XS models, the 231 XSB has all the characteristics of a serious bay boat, as well as sexy, aggressive lines and proven high performance.
