SPECIFICATIONS

Overview

Built in 2004 in composite by Kaiserwerft to both RINA class and the highest german standards, this luxury yacht epitomizes the shipyard's principle "first quality material for a first quality product". The design and concept of each unit is well thought out and surprises with its functionality and seaworthiness.

The yacht is equipped with 2 MTU M91 engines 2000 hp each which allow it to develop a top speed of 20 knots and cruising speed of 15 knots. The great stability is provided by the Seakeeper M26 gyro stabiliser.

An important feature of Sea Breeze One is the electric system operating on both 110V and 220V, equipped with both european and american sockets in each bathroom and cabin, which makes her a perfect boat both for Europe and America.

All the navigation and communication equipment was completely renewed in 2020.

The inviting harmonious interior by Kirschstein Designs reflects a contemporary yet refined feel of aesthetically pleasing woods and marbles throughout spacious living areas.

The yacht accommodates eight guests in four staterooms, consisting of a truly presidential master suite on the main deck, VIP stateroom and two guest cabins on the lower deck, all with en suite facilities.

The unusual layout gives space to the raised dining area accessible from the full-beam saloon, and also to a closed upper pilot house that feels like a comprehensive third deck.

Basic Information

Category: Motor Yacht

Model Year: 2004

Year Built: 2004

Refit Type: Navigation & Communication equipment

Country: France

Dimensions

LOA: 101' 9" (31mm)
