SPECIFICATIONS

Overview

We are pleased to announce our appointment as Central Agents for the sale of PROJECT VELARCA 135. A 41 metre yacht that is designed to fill a gap in the yachting industry, it is designed for explorers who seek anything but the ordinary. PROJECT VELARCA 135's general arrangement, styling and technical features are specifically designed to smooth the transition from motor yachting to the much lower carbon alternative of sailing. Innovations include the completely new kind of rig with self-tacking and hydraulically furling jibs. We look forward to discussing this exciting project with you.
