SPECIFICATIONS

Overview

From the drawing board of renowned designer Philippe Pouvreau and Dolphin Catamarans, comes a new standard bearer of the best small performance cruising catamaran - the Dolphin 380. The new Dolphin 380 offers an unparalleled combination of accommodation, performance and build quality in this size range, making it perfect for extended cruising. It features a spacious salon and galley, three comfortable cabins, and a large cockpit. The boat uses the same build process and materials as previous Dolphin models where hulls are constructed of hand-laid, vacuum-bagged berglass using vinyl ester resin over Divinycell foam cores giving you a superior construction to your standard production catamaran. For more information on this new entry to the catamaran market, contact us today.
