2021 Prestige 590 Fly Bridge

Motivated Seller

Waxed and Detailed

Seakeeper & Water Maker

Cummins Shaft-Drive with Joystick and Yacht Controller

“La Dolce Vita II” is a three stateroom three head version of the Very Popular Prestige Yacht model 590 Fly Bridge. The difference between La Dolce Vita II and all other Prestige 590 Fly Bridge yachts on the market now is, this boat is equipped with Cummins engines and Shaft Drives.

A unique feature of this Prestige 590 is that it is a shaft-drive propulsion system coupled with Cummins innovative joystick control for docking. The shaft-drive version allows for the use of larger diameter propellers that results in a slightly lower top speed, but a more sustainable cruising speed. These larger diameter propellers are better suited to driving more weight and optimize performance in warmer waters, ideal for high-spec yachts in warmer climates. A large diameter variable-speed bow thruster is coupled to the engine throttles with a joystick interphase means easy docking. Underwater exhaust keeps noise and vibration low.

“La Dolce Vita II” comes with our exclusive InterMarine Delivery Package that consists of “Escapades”, Hands-On Captain Training and Orientation, After Sale support & Service by an Appointed Prestige Yacht Dealer.

If you are looking for a 60+ foot yacht and your preference is for Shaft-drive propulsion system with a joystick docking system, “La Dolce Vita II” is undoubtedly a better fit for you.

Originally sold to a client who purchased it new from InterMarine and traded it after a short use to move up to the Prestige 630 Fly Bridge. The current owner purchased the boat in January 2022 and traded their 2020 Prestige 420 Fly Bridge to move up to a larger yacht. The current family enjoyed this boat with the help of their captain to enjoy InterMarine Escapades and travelled to Washington DC and back where they spend the summers. Due to work commitments and other family activities, they have put “La Dolce Vita II” up for sale. “La Dolce Vita II” is now seriously looking for a new owner! She was just completely buffed and waxed, all teak was cleaned, engine room was cleaned and detailed for the new owners. The current owners are out of boating; however, the boat is being washed bi-weekly and Preventive Maintenance (PM Service) is being done monthly by a Prestige Specialist.

## Notable Options & Extras:

- Twin Cummins 8.3 QSC (600 HP) with Shaft-Drives & Cummins Joystick control for docking.
- Yacht Controller remote docking system to dock from anywhere on the boat.
- Seakeeper NG 6 Gyro stabilization & Water Maker.
