Overview

A thing of beauty! The Alberg 35 was the smallest blue ocean boat built in that year, and 1963 Alberg 35 is in pristine conditions. It is not your ordinary old Alberg 35. In 2008 this boat went through a major renovation, everything except the keel was replaced and upgraded with the highest standard equipment of that time. And from that year on, the boat has barely been used. It carries a 2008 Yanmar 3YM 30 hp with less than 200hrs and an integrated Fisher Panda generator with less than 80hrs. Located in the beautiful waters of Fajardo Puerto Rico, this is the daysailing toy you want.
