SPECIFICATIONS

Overview

The new Pershing 7x concentrates the best of the brand in a compact, seamless yacht. Light, fast and high-performance based, the 7x design stems from the drawing board of Fulvio De Simoni. Thanks to the use of pioneering construction, she can reach a top speed of 50 knots.

Her sleek, sporty exterior design brings together a number of Pershing's aesthetics and innovations, such as a new hull and superstructure colour. The yacht features a wide swim platform, a large bow lounge and sunpads on the aft of the cockpit to laze in the sun.

This is carried over into the interiors, which have been designed to make optimal use of all spaces to give the yacht a maximum feeling of luxury and lightness.

With three staterooms and one crew cabin, she can accommodate up to six guests. The master suite is ideally located amid ship on the lower deck for an improved stability.
