SPECIFICATIONS

Overview

Horizon E100

Please note that this listing represents a model specification for a new build and not an actual hull for sale and location. For more information on this model and build availability, please contact us*

The Horizon E100 motoryacht was created for clients who wish to enjoy the comforts of a superyacht in a motoryacht just shy of 100 feet (30M). Designed by Swedish designer John Lindblom, her sleek exterior lines echo those of her popular smaller sister, the Horizon E90, as does her high-performance hull that ensures cruising efficiency, stability, and seakeeping. With an exceptional 6 feet (1.8M) draft, the E100 has the flexibility to cruise in shallower waters, and her 23 feet (7M) beam provides plenty of interior volume for comfortably accommodating family and friends on every level. The Horizon E100 is offered in Skylounge and Open Bridge versions to suit a variety of cruising lifestyles.
